

Boost your Career with Microsoft Azure Skills !

Course Name and Code	Duration	Schedule
70-532: Developing Microsoft Azure Solutions	5 Days	17th - 21st Dec 2017
<ul style="list-style-type: none"> This course is intended for students who have experience building ASP.NET and C# applications. Students will also have experience with the Microsoft Azure platform and a basic understanding of the services offered. This course offers students the opportunity to take an existing ASP.NET MVC application and expand its functionality as part of moving it to Azure. This course focuses on the considerations necessary when building a highly available solution in the cloud. This course also prepares the students for the 70-532: Developing Microsoft Azure Solutions certification exam. 		
Offer Price : OMR 395/- per participant with Exam + Retake		
Course Name and Code	Duration	Schedule
70-533: Implementing Microsoft Azure Infrastructure Solutions	5 Days	31st Dec – 4th Jan 2018
<ul style="list-style-type: none"> This course teaches IT professionals how to provision and manage services in Microsoft Azure. Students will learn how to implement infrastructure components such as virtual networks, virtual machines, containers, web and mobile apps, and storage in Azure. Students also will learn how to plan for and manage Azure AD, and configure Azure AD integration with on-premises Active Directory domains. 		
Offer Price : OMR 395/- per participant with Exam + Retake		
Course Name and Code	Duration	Schedule
70-534: Architecting Microsoft Azure Infrastructure Solutions	3 Days	14th – 16th Jan 2018
<ul style="list-style-type: none"> This workshop is a chance for developers and IT Pros to come together and learn the architecture skills necessary to design solutions for Microsoft Azure. The classroom experience for this workshop is high-level review of the pre-requisite materials students are expected to have completed in advance. Then, students will assemble into groups to work on several real-world design case studies to design solutions for the Microsoft Azure platform. 		
Offer Price : OMR 305/- per participant with Exam + Retake		
Course Name and Code	Duration	Schedule
70-473: Designing and Implementing Cloud Data Platform Solutions	3 Days	28th -30th Jan 2018
<ul style="list-style-type: none"> The focus of this three-day instructor-led Microsoft Training course is on designing and implementing cloud data platform solutions with the Microsoft Data Platform by using SQL Server on-premises, hybrid and cloud data platform solutions. It describes how to design and implement and optimize workloads in hybrid scenarios with both on-premises and Microsoft Azure cloud-based solutions, and how to implement high availability and disaster recovery solutions. 		
Offer Price : OMR 305/- per participant with Exam + Retake		
Course Name and Code	Duration	Schedule
70-475: Designing and Implementing Big Data Analytics Solutions	3 Days	11th -13th Feb 2018
<ul style="list-style-type: none"> This course is intended for data professionals who want to expand their knowledge about creating big data analytic solutions on Microsoft Azure. Students will learn how to design solutions for batch and real-time data processing. Different methods of using Azure will be discussed and practiced in lab exercises, such as Azure CLI, Azure PowerShell and Azure Portal. Students will learn how to operationalize end-to-end cloud analytics solutions using the Azure Portal and Azure PowerShell. 		
Offer Price : OMR 305/- per participant with Exam + Retake
